About MITS-DU

Madhav Institute of Technology & Science (MITS), Gwalior was established in 1957 by His Highness Sir Jiwaji Rao Scindia, Maharaja, of the erstwhile state of Gwalior under open door policy of Govt. of India. The foundation stone of the institute was laid by the then President Dr. Rajendra Prasad, on 20th October, 1956 and the building was inaugurated by President Dr. S. Radhakrishnan on 11th December, 1964. On the occasion of Golden Jubilee Celebrations of the institute in 2008, a postal stamp on MITS was also released by the president of India, Dr. Pratibha Devi Singh Patil. The institute prepared an exhaustive NEP-2020 action plan in June 2020 and successfully implemented the plan achieving all designated targets. The first batch will be graduating shortly in 2024. In August 2023, NAAC accredited the institute with A++ Grade. The institute acquired the 'Deemed University' status from the Ministry of Education, Govt. of India in March 2024.

About DLG

Digital Learning Group is the official technical club of MITS, dedicated to fostering innovation and hands-on skill development. Through events like HackOrbit, we aim to equip students with practical experience, collaborative problem-solving, and exposure to cutting-edge technologies. The club is guided by Dr. Punit Kumar Johari, a dedicated faculty mentor who brings valuable expertise and support to the team.

About the Hackathon

HackOrbit 2025 is a 36 hour National-Level Online Hackathon organized by the Digital Learning Group (DLG) .
Join bright and aspiring innovators from across India to tackle real-world challenges, showcase your technical and creative skills, and build impactful solutions that matter.
HackOrbit 2025 offers a national platform to compete for over ₹2,50,000 in prizes, gain mentorship, earn national recognition, and connect with like-minded tech enthusiasts — all from the comfort of your screen.

HackOrbit 2025

HackOrbit 2025 offers a national platform to compete for over ₹2,50,000 in prizes, gain mentorship, earn national recognition, and connect with like-minded tech enthusiasts — all from the comfort of your screen.

HackOrbit is based on 6 themes:

- AI & MACHINE LEARNING
- OPEN INNOVATION
- FINTECH INNOVATION
- SUSTAINABILITY
- WEB3 AND BLOCKCHAIN
- HEALTHCARE TECHNOLOGY

Join bright and aspiring innovators from across India to tackle real-world challenges, showcase your technical and creative skills, and build impactful solutions that matter.

Description of Themes

1. AI & Machine Learning

Step into the world where machines think, learn, and evolve. This theme is a playground for innovators ready to build smart solutions that shape the future. Whether it’s crafting a clever chatbot, designing a powerful recommendation engine, or teaching a machine to see and understand—your code could be the next big leap, If you're passionate about turning data into magic, this is your moment to shine. Let your algorithms do the talking.

2. Open Innovation

Got a brilliant idea that doesn’t fit the mold? This theme is your creative playground, Open Innovation gives you the freedom to solve any real-world problem that excites you—be it in education, sustainability, entertainment, or everyday life. Think outside the box, break boundaries, and build something meaningful that truly matters. This is your chance to dream big, code bold, and bring your wildest innovations to life.

3. FinTech Innovation

Calling all techies with a passion for finance! Dive into the fast-paced world where money meets innovation. Whether it's building smarter payment systems, AI-driven investment tools or tools for financial inclusion—this is your chance to shape the future of how the world banks, budgets, and buys. Let your code simplify money, spark trust, and unlock financial freedom. Dream it. Build it. Disrupt the system.

4. Sustainability

This theme is all about turning your tech skills into green impact. Whether you dream of building smart recycling systems, apps for conscious living, or tools to track carbon footprints—your innovation can help save the Earth. Think clean, code green, and bring solutions that care for tomorrow. It's not just a project—it's a movement. Let's build a future that breathes.

5. Web3 and Blockchain

Explore the decentralized future with innovations in Web3 and Blockchain. This theme invites participants to build secure, transparent, and trustless applications—from smart contracts and decentralized finance (DeFi) to NFTs and DAOs. Leverage the power of blockchain technology to create solutions that redefine how data, identity, and value are managed on the internet.

6. Healthcare Technology

Reimagine the future of healthcare with technology-driven solutions. This theme challenges participants to develop innovative tools and platforms that enhance patient care, streamline medical services, and improve health outcomes. From AI-powered diagnostics to telemedicine, wearable tech, and smart hospital systems—build solutions that make healthcare more accessible, efficient, and personalized.

How to Participate

- You can participate solo as well as in the teams of 2,3 or 4.
- Register on Unstop before the deadline.
- Register by filling in all the necessary details. You can then join a team or create one and invite your friends to be part of it.
- Submit the ppt before the deadline i.e. 5th july
- Participants shortlisted after the PPT round will be required to contribute a nominal fee of ₹100 to confirm their spot in the final round.
- Submit your project by the end of the hackathon.
- Await the results on July 10, 2025

Why a Fee ?

We've received an overwhelming response from across the country with thousands of registrations. To ensure only genuinely interested and committed teams make it to the final round, we are collecting a nominal fee of ₹100 per team is non-refundable . It’s a small token to confirm your serious participation and helps us manage event logistics smoothly.

This helps:

- Prevent spam/placeholder entries
- Encourage serious participation

Rules and Regulations

- Upto 20% plagiarism is perrmissible; however, excessive copying or direct code duplication is strictly prohibited.
- The internet may be used only for reference and research purposes.
- All submissions must be original and developed during the hackathon.
- A participant can only be part of one team.
- The jury's decision will be final and binding.
- Teams should be made up exclusively of participants who are not organizers, volunteers, judges, sponsors, or in any other privileged position at the event.
- Teams can use libraries, frameworks, or open-source code in their projects. Working on a project before the event and open-sourcing it for the sole purpose of using the code during the event is against the spirit of the rules and is not allowed.
- Projects that violate the Code of Conduct are not allowed.
- Teams must stop hacking once the time is up. Timestamps for commits before the submission deadline will be checked for this.
- Teams can be disqualified from the competition at the organizers' discretion.Reasons might include but are not limited to breaking the Competition Rules, breaking the Code of Conduct, or other unsporting behavior.

Presentation

It should be available in the form of a PPT or PDF, which includes:

- Team Name
- Select Software
- Problem Statement
- Proposed Solution
- Flowchart/Diagram
- Features and Novelty
- Drawbacks & Showstoppers
- Name of team members & their contact details

All participating teams must submit their presentation using the official PPT template. **PRESENATION LINK**

Important dates & deadlines

- **Registration Deadline**
  03 July 25, 12:00 AM IST

- **Round 1 - PPT Submission Deadline**
  05 July 25, 10:54 PM IST

- **Round 2 - Final Showdown Begins**
  06 July 25, 10:55 PM IST

- **Result Announcement**
  10 July 25, 10:55 PM IST

Rewards and Prizes

The hackathon features a total prize pool worth INR 2,50,000, including ₹6,000 in cash prizes, exclusive goodies from Unstop and GeeksforGeeks, and a variety of in-kind perks and resources sponsored by partners. Select top teams will be awarded premium swag and goodies such as T-shirts, diaries, and kits—subject to availability. Every participant will receive a digital certificate along with discount codes, platform credits, and access to premium learning and development resources. These combined contributions ensure a rewarding and enriching experience for everyone involved.

PRIZEPOOL

INR 2,50,000 +

1ST RUNNER UP	WINNER	2ND RUNNER UP
INR 2000	INR 3000	INR 1000

- THE TOP 10 WINNERS WILL RECEIVE EXCLUSIVE GOODIE HAMPERS!
- ALL FINAL ROUND PARTICIPANTS WILL GET FREE PERKS AS A TOKEN OF APPRECIATION.
- COOL SWAG AWAITS THOSE WHO MAKE IT TO THE TOP !
